

Ammi Kheer

Pre cooking

- ☐ Wash and soak almonds and pistachios
- ☐ Cut almonds into slices
- ☐ Chop pistachios

- ☐ Wash and soak slightly more than half a cup of rice using rice cup for 30 mins
- ☐ In a pot, add maybe a tablespoon of water first and then add whole carton of Horizon whole milk/Almond milk
- ☐ Keep the heat med to low. Wait for the milk to get hot or come to a little boil. While waiting for this, make sure to keep stirring the milk
- ☐ Now add soaked rice and let it cook together with milk. Keep stirring
- ☐ When rice starts to seem cooked and soft, break most of the rice using a whisk
- ☐ The consistency of kheer should be sort of thick (?) at this point before we add sugar
- ☐ Add condensed milk
- ☐ Add some sugar. Adding sugar will thin out the kheer a little
- ☐ Stir together
- ☐ Add cardamom powder and keep stirring
- ☐ Add 2 drops of biryani essence and stir together
- ☐ Dish out kheer and top it with sliced almonds and chopped pistachio
