

Chicken Pulao Recipe

- ☐ Wash and add chicken to a pot
- ☐ Add some of water (because chicken will also release its own water)
- ☐ Add ginger garlic paste
- ☐ Half Shan pulao biryani masala
- ☐ Cover and simmer
- ☐ Make sure some gravy/water is left with chicken when it's done cooking
- ☐ When chicken is done, get 1/2 cup yogurt or so and smooth it out
- ☐ Add this yogurt to chicken and then off the stove
- ☐ Mix the yogurt and chicken together well

Rice:

- ☐ Wash and soak rice for 30 mins
- ☐ In boiling water add good amount of salt and add washed rice and cook (time it like biryani rice)

Mix together:

- ☐ When rice is done and drained, add less than half rice to the pot and add a layer of all the chicken and gravy (if too much gravy, then you can add the remaining gravy as another layer on top of rice)
- ☐ Make the layers and top with rice layer
- ☐ Cover and let it all simmer on low heat and now start browning onions below (dum section)

Dum:

- ☐ In a small pot add a good amount of oil (maybe less than 1/2 cup) and also add some butter and add onions
- ☐ Onions should be drowned in oil
- ☐ Fry onions until brown
- ☐ Now spread the oil and onions on top of the rice
- ☐ Cover and simmer the rice for 10 minutes or so
